Vitamins R (Reading) and L (Literacy) Project Grant in action in Twiggs Co.

Special to the Twiggs New Era
You may get the idea that the Vitamins R (Reading) and L (Literacy) Project Grant is just another educational program. It is not. It is a special gift from the school system. See page 8 for more scenes from the grant in action. (Special photo)

Commissioners approved HVAC work on county property

By JAMES THIBBLETT
The Twiggs County Board of Commissioners on Tuesday approved HVAC work on county property. The board also approved a resolution to support the state's effort to reduce greenhouse gas emissions. The board also approved a resolution to support the state's effort to reduce greenhouse gas emissions.

Based on the high claims rate for fiscal 2019, the United Healthcare renewal rate would result in a 43.64 percent premium increase. However, sourcing yielded a quote to return to Blue Cross Blue Shield for a 25.14 percent increase. Lewis addressed Fowler's concern about the differences in the Drug and Alcohol pricing for employee screenings. Lewis explained the values attributed to the work completed, with the GDOT evaluation being most ex-

laboration with Twiggs County EMA Director Wood to investigate grant prospects. She indicated a likely 25 percent "In Kind Work" match. The Commissioners agreed to revisit the
