Twiggs County Schools Medical Plan of Care for School Nutrition Program, (Students with Disabilities and Non-Disabling Special Dietary Needs)

The following child is a participant in one of the United States Department of Agriculture (USDA) school nutrition programs.

- USDA regulations 7CFR Part 15B require substitutions or modifications in school nutrition program meals for children whose **disability** restricts their diet and is supported by a statement signed by a **licensed physician**. Food allergies which may result in a severe, life-threatening (anaphylactic) reaction may meet the definition of "disability."
- The school food authority may choose to accommodate a student with a **non-disabling special dietary need** that is supported by a statement signed by a **recognized medical authority** (physician, physician assistant or nurse practitioner).
- The school food authority may choose to make a milk substitution available for students with a **non-disabling special dietary need**, such as milk intolerance or for cultural or religious beliefs. If the school food authority makes these substitutions available, the milk substitute must meet nutrient standards identified in regulations. If available, this will be indicated in Part 2. A parent/guardian or **recognized medical authority** (physician, physician assistant, or nurse practitioner) may complete this section. If this is the only substitution being requested, complete Part 1 and 2 only.

Part 1: To be completed by Parent/Guardian (all requests for special dietary needs)
